

## Virtual Project Application Questions

### Let's get the introductions out of the way first:

We'll need to know who you are, how to contact you and where to find you and link to you online. If you have a registered charity or company we'll need your magic numbers.

### Your proposal:

#### Tell us a bit about yourself; what do you do, why do you do it, what are you proud of?

We just want to get to know you a bit. This could be anything at all you want to share about yourself or your organisation. You don't have to name all your cats... It would be helpful if you mentioned anything that will reassure us about your ability to deliver your idea safely and well. If you're teaching people how to wire up their houses then you might want to mention your electrical qualifications!

#### What is your idea and how did it come about?

#### How will you create the video and step by step guide?

We are looking to see that you have the skills, knowledge and resources available to make a video and step by step guide document of your activity whilst taking care to follow current guidance around social distancing and staying at home.

#### Please provide a rough timeline and detailed budget breakdown to deliver your proposal.

#### Total funding requested from Creative West End:

How much money are you asking for from us?

#### How did you hear about Creative West End and why do you want to work with us?

**We invite and encourage you to upload a video, images or sketches to support your application**

#### How was the application process for you?

We welcome any feedback you might have to help us improve.
