

Voting Tool Commission Application Questions

Let's get the introductions out of the way first:

We'll need to know who you are, how to contact you and where to find you and link to you online. If you have a registered charity or company we'll need your magic numbers.

Your proposal:

Tell us a bit about yourself; what do you do, why do you do it, what are you proud of?

We just want to get to know you a bit. This could be anything at all you want to share about yourself or your organisation. You don't have to name all your cats... It would be helpful if you mentioned anything that will reassure us about your ability to deliver your idea safely and well. If you're teaching people how to wire up their houses then you might want to mention your electrical qualifications!

What is the idea and how did it come about? Was anyone else involved? Will anyone else be involved?

What are you hoping to achieve by doing this?

How does this idea fit with your long term hopes and dreams?

Please provide a rough timeline and detailed budget breakdown to deliver your proposal.

What will you do and how will you do it? (Include an outline of a timeline and detailed budget breakdown)

How will you know if you've achieved what you plan to?

Will you need any money or support from anyone else to do this? Are you contributing any of this yourself or from other sources?

Total funding you are requesting from Creative West End:

Total funding sourced elsewhere and whether it is confirmed or not, if any:

How did you hear about Creative West End and why do you want to work with us? How do you plan to work with Creative West End to prompt wider community impact? How will you promote the Creative West End network and collective approach?

Upload a budget breakdown or financial plan to support your application

We invite and encourage you to upload a video, images or sketches to support your application
